

TPC 2

EXPERIMENTAÇÃO EM ENGENHARIA DE SOFTWARE

Patrícia Bastos PG60287

Maria Inês Matos PG61533

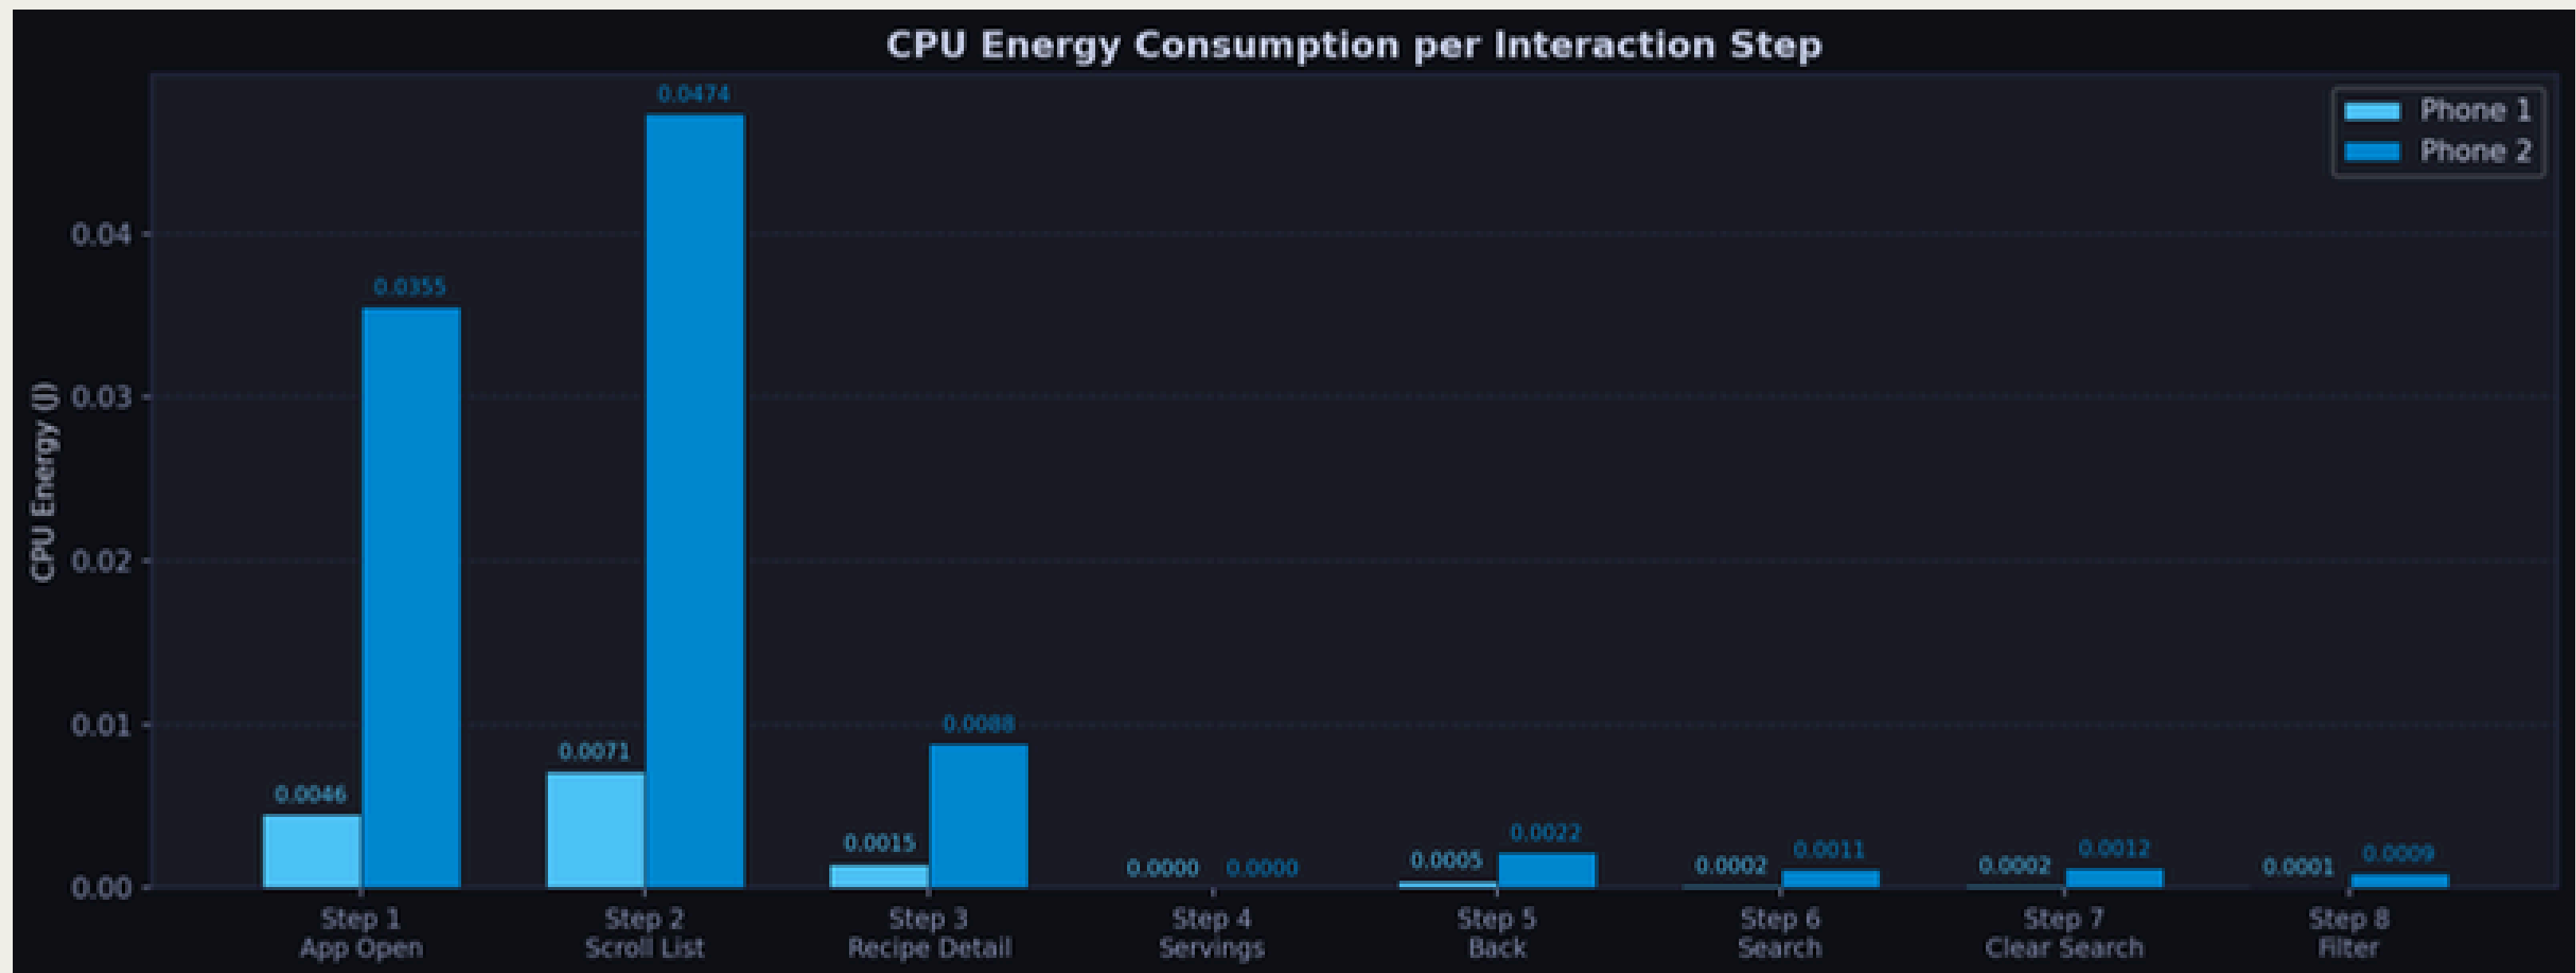

Total energy consumption of the app during the profiling session.

	Phone 1	Phone 2
Light	84.90586158342758	123.31062858397922
Dark	162.19334963196678	128.6826839602491

Light Mode

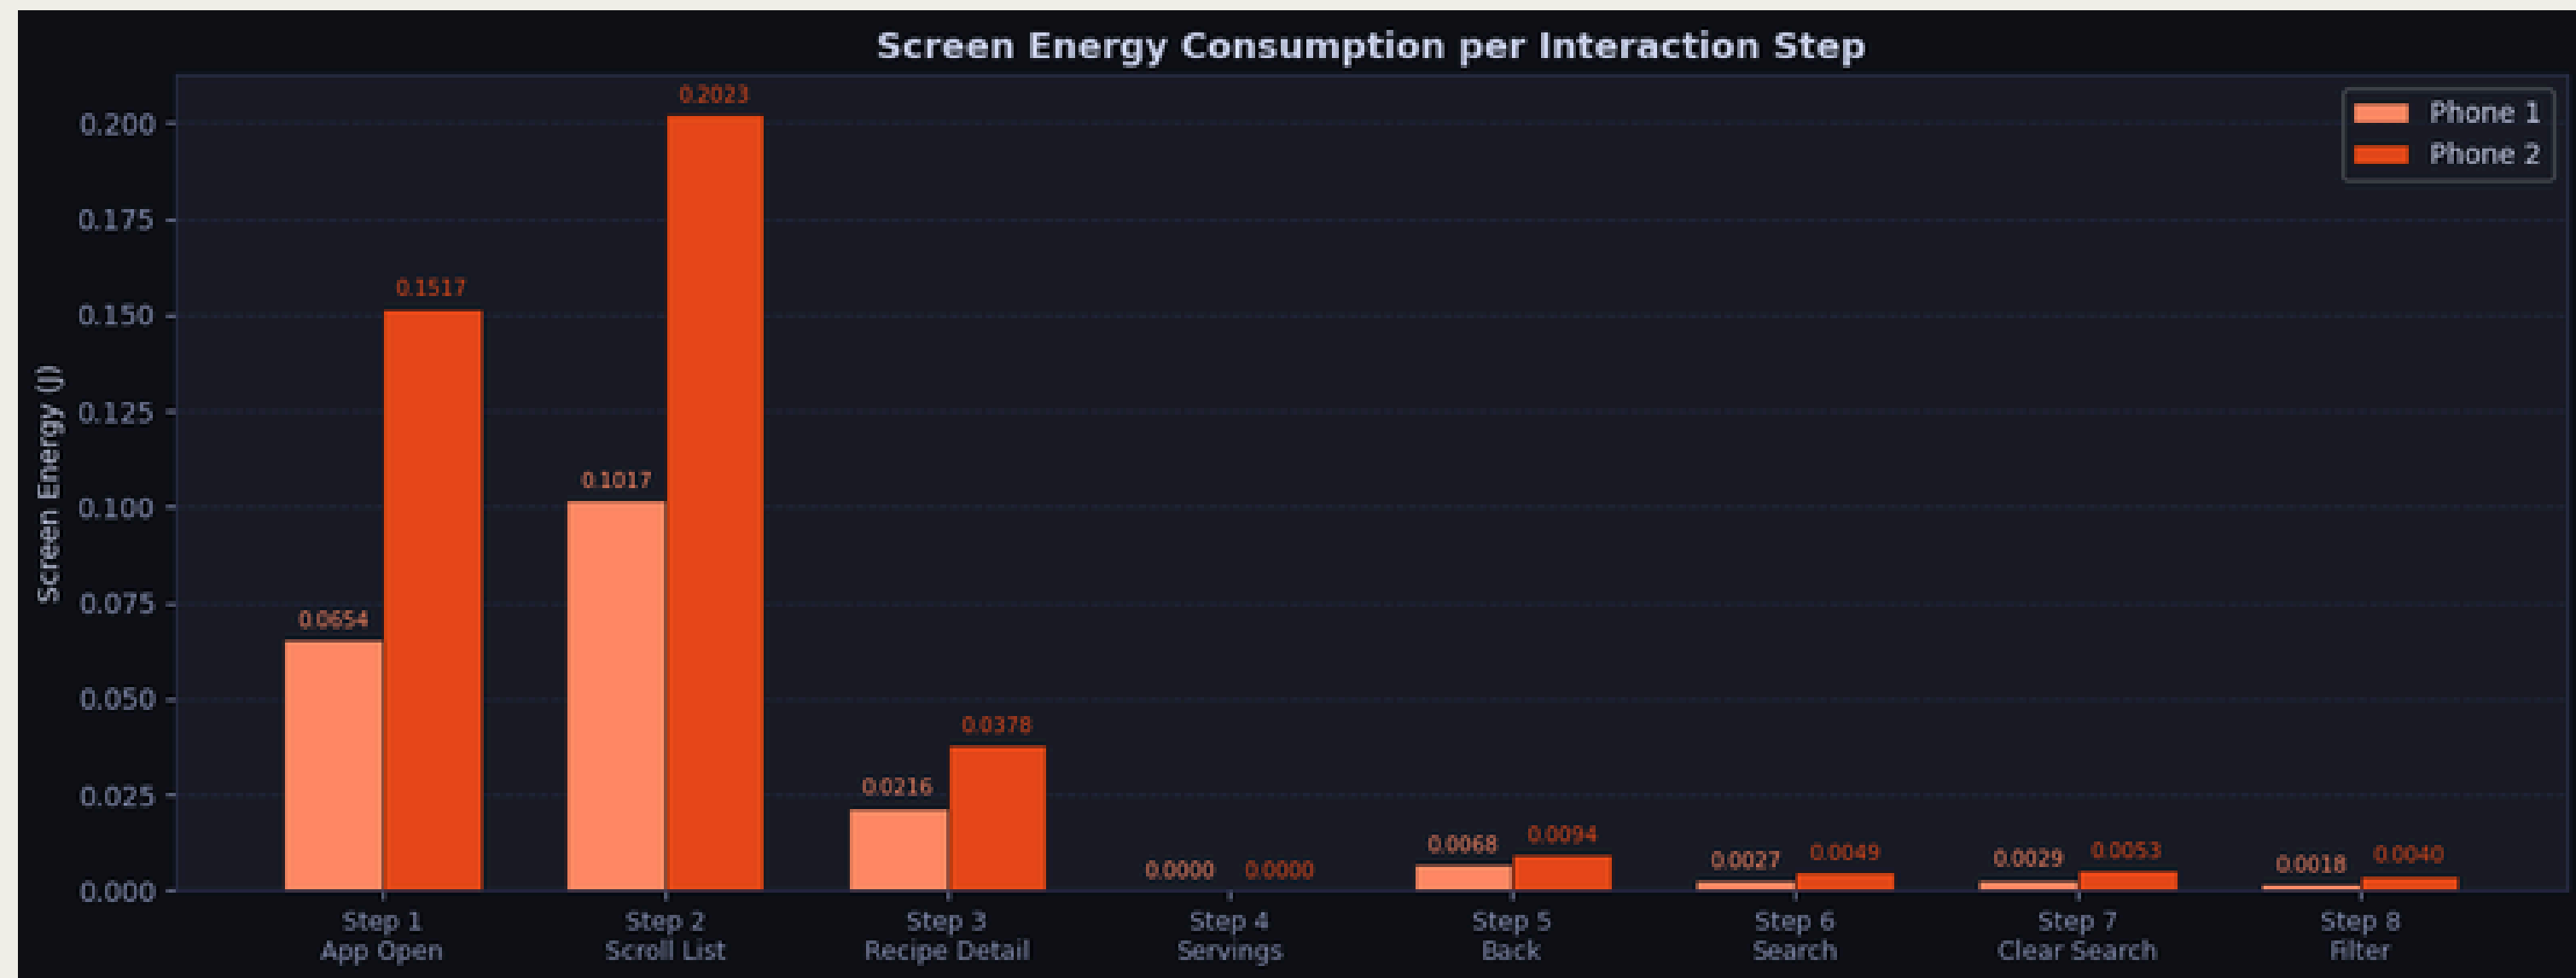

LIGHT MODE

The energy consumption of the CPU during each interaction step.

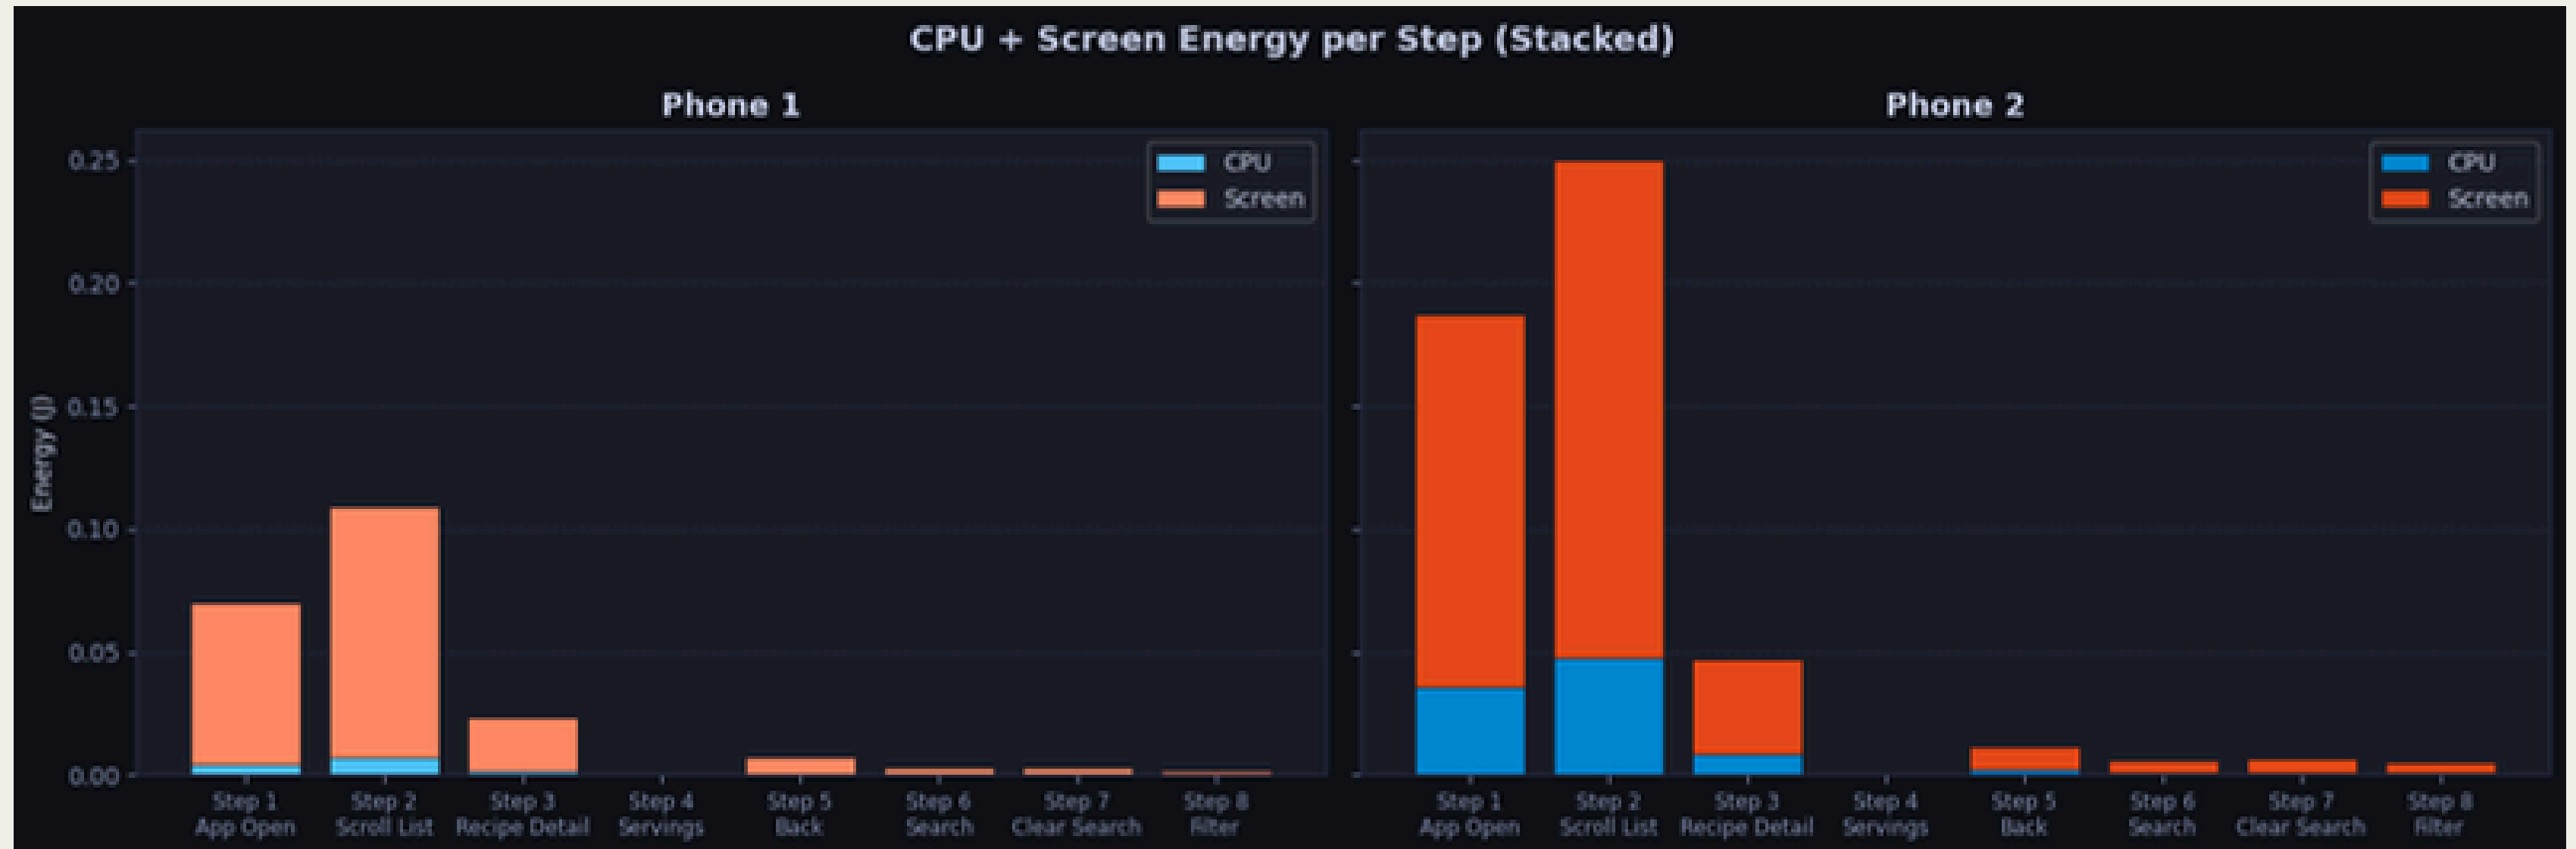

LIGHT MODE

The energy consumption of the screen during each interaction step.

LIGHT MODE

The energy consumption of the CPU and the screen during each interaction step.

LIGHT MODE

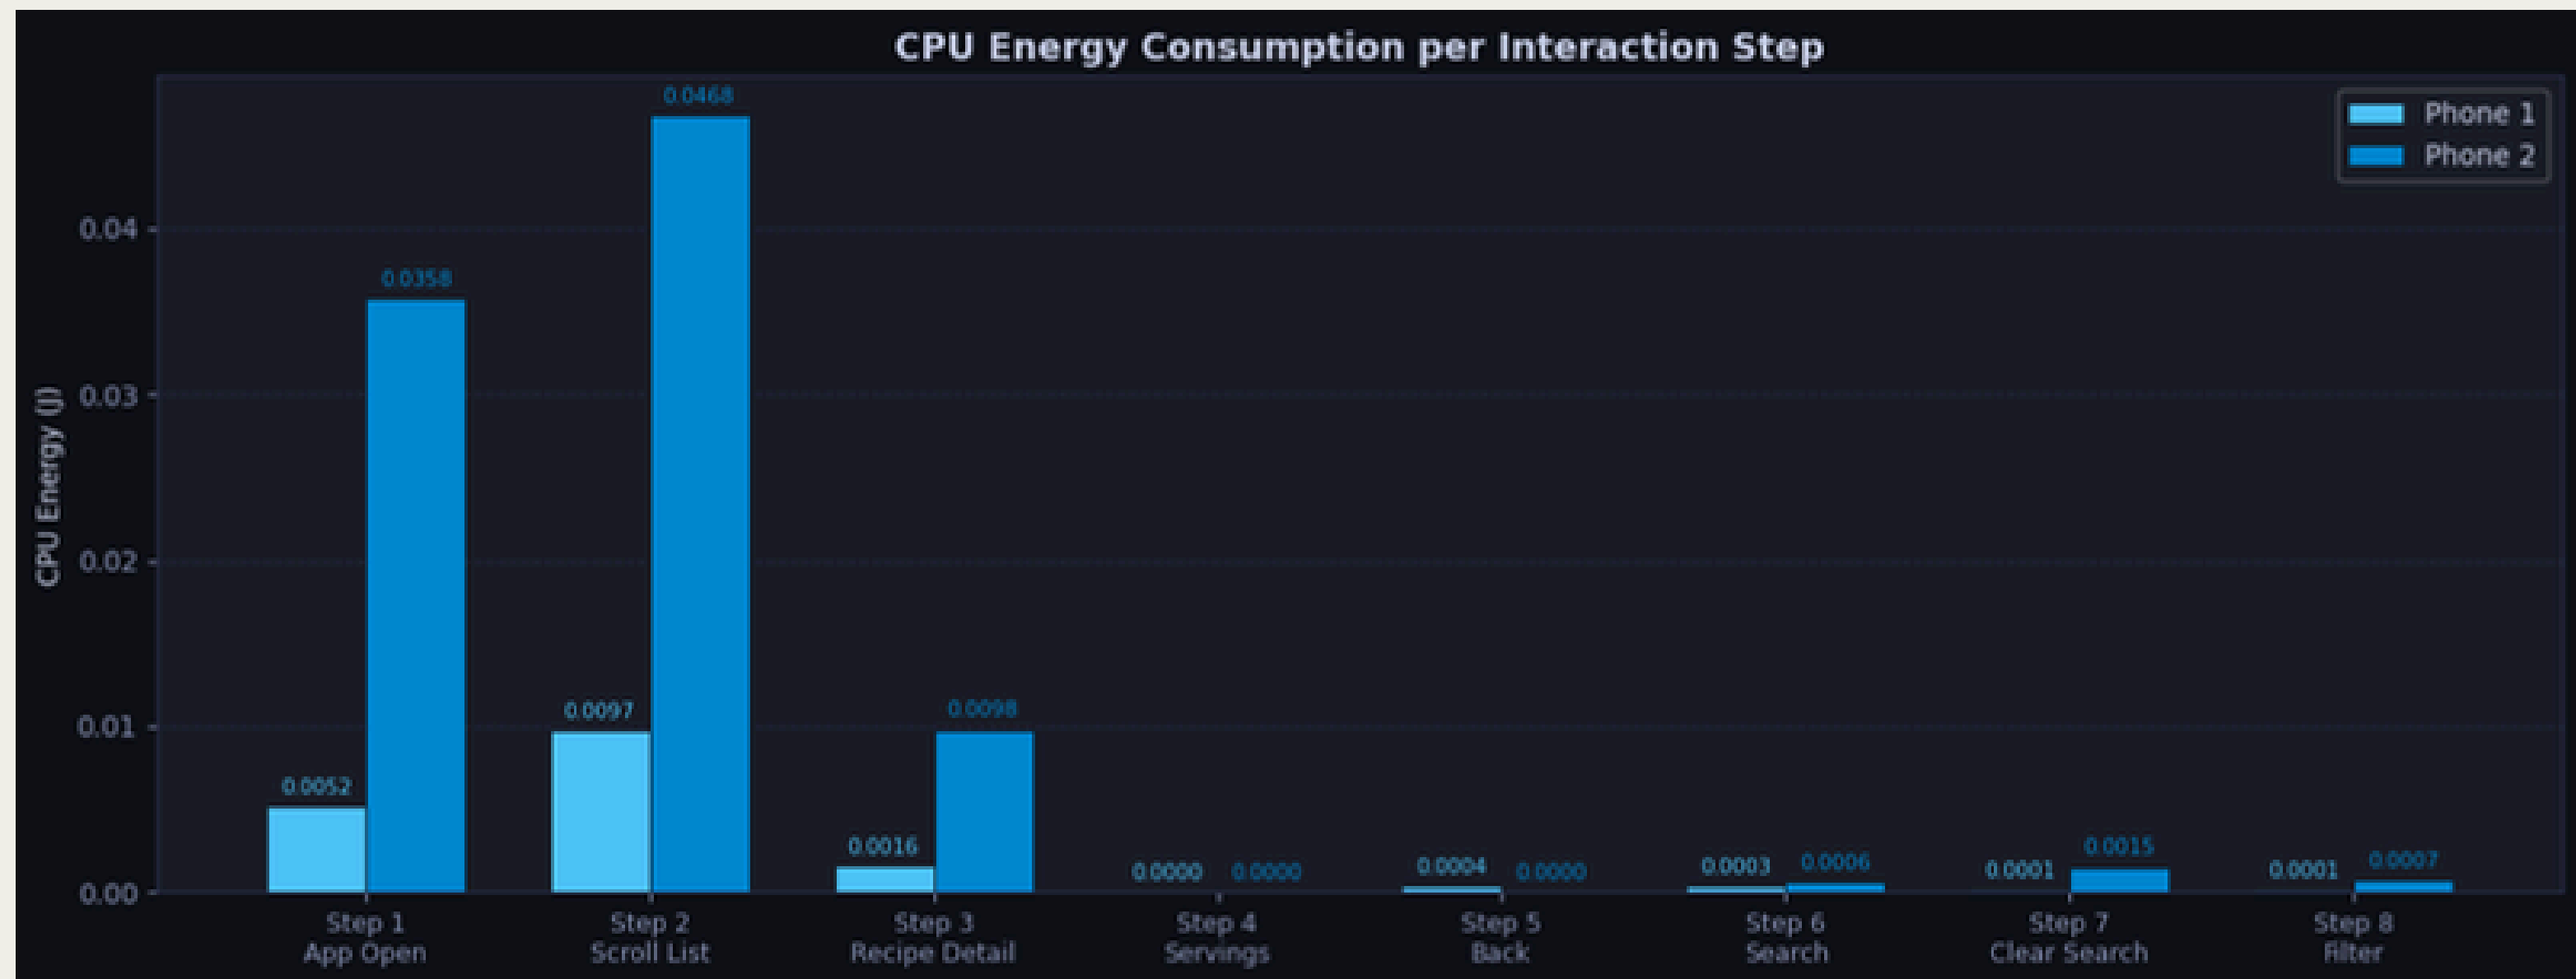

The execution time of each interaction step.

Dark Mode

DARK MODE

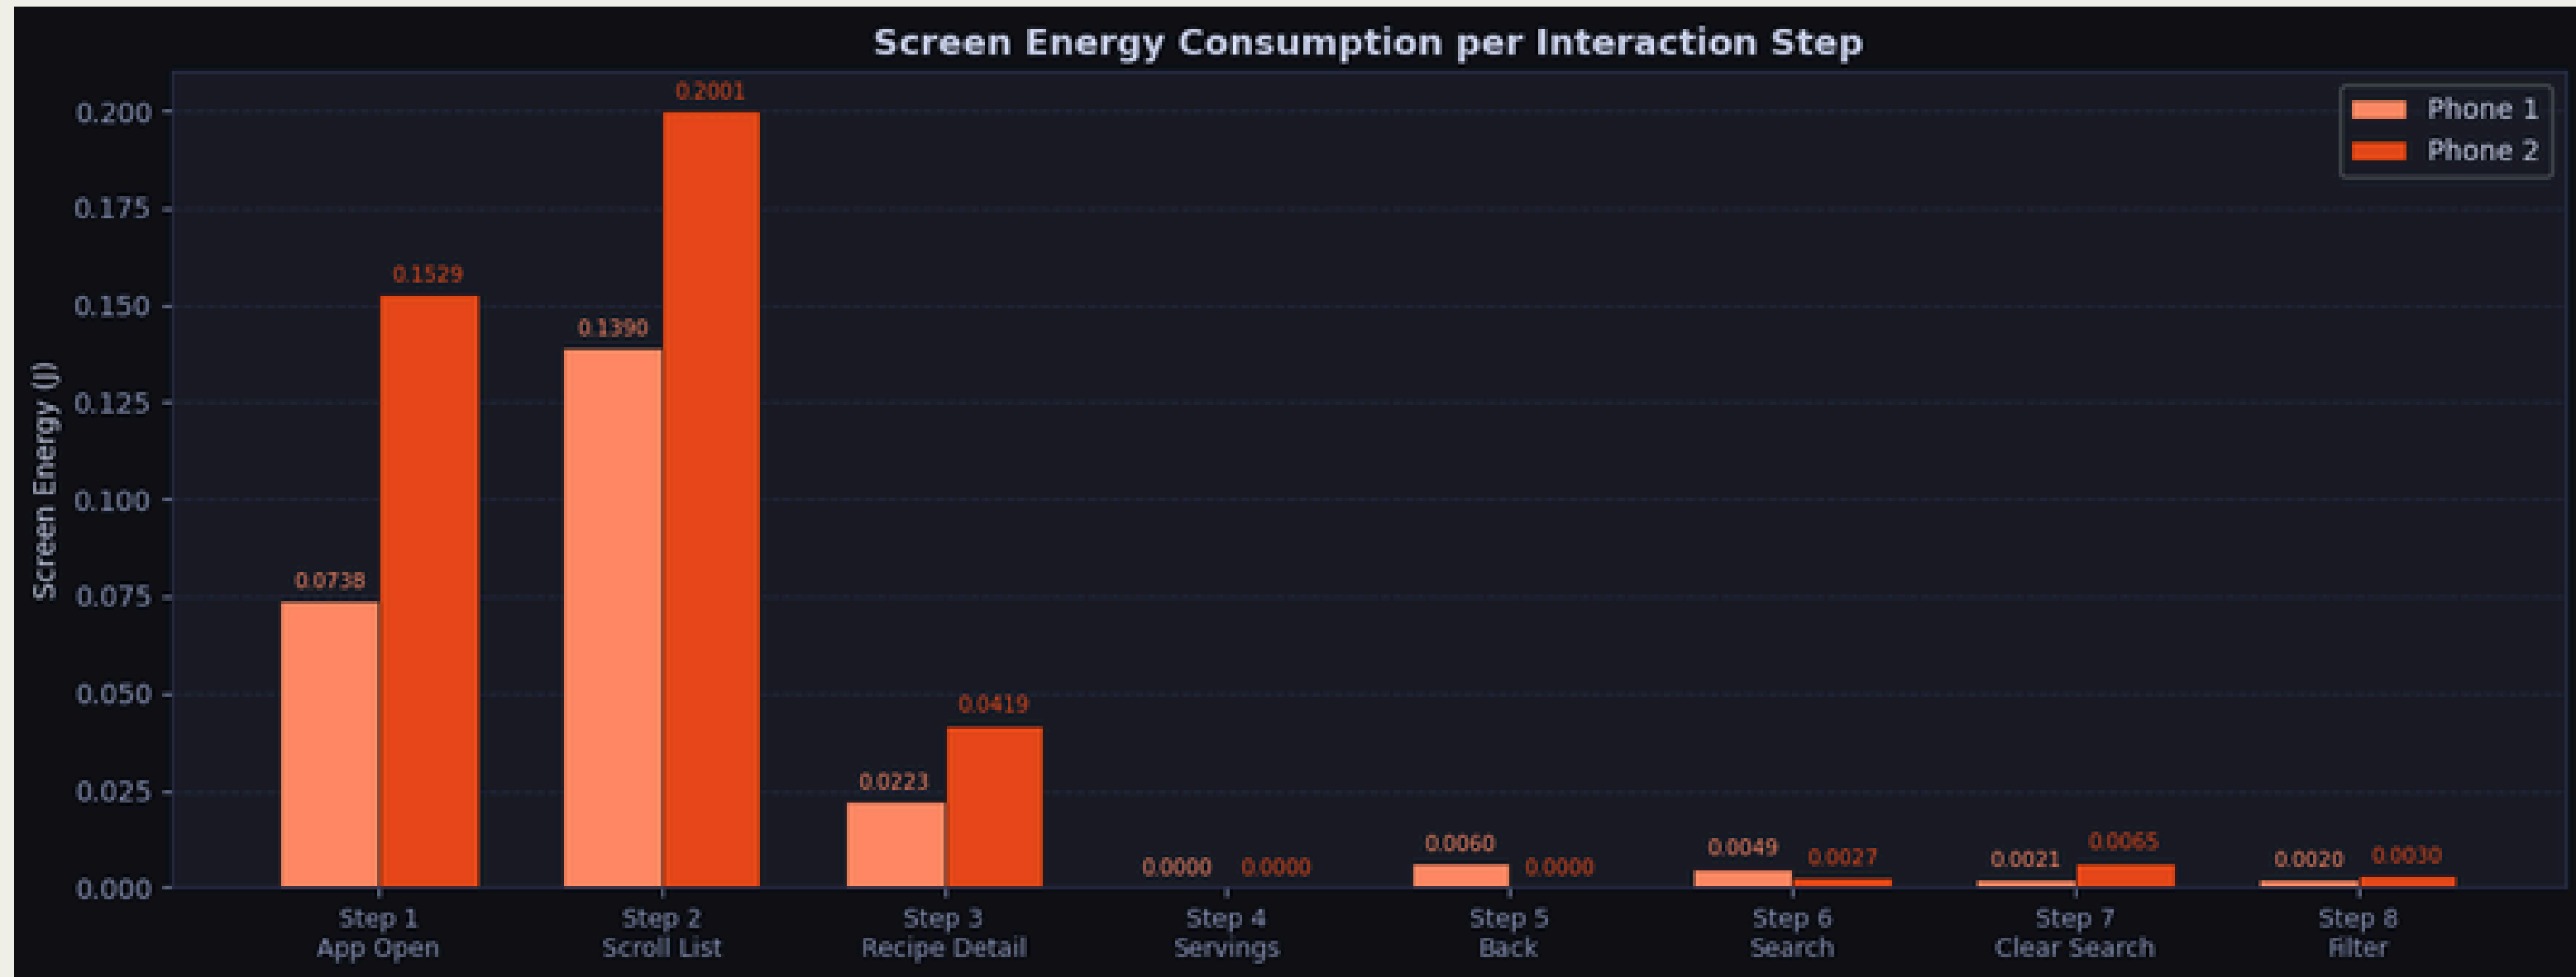

The energy consumption of the CPU during each interaction step.

DARK MODE

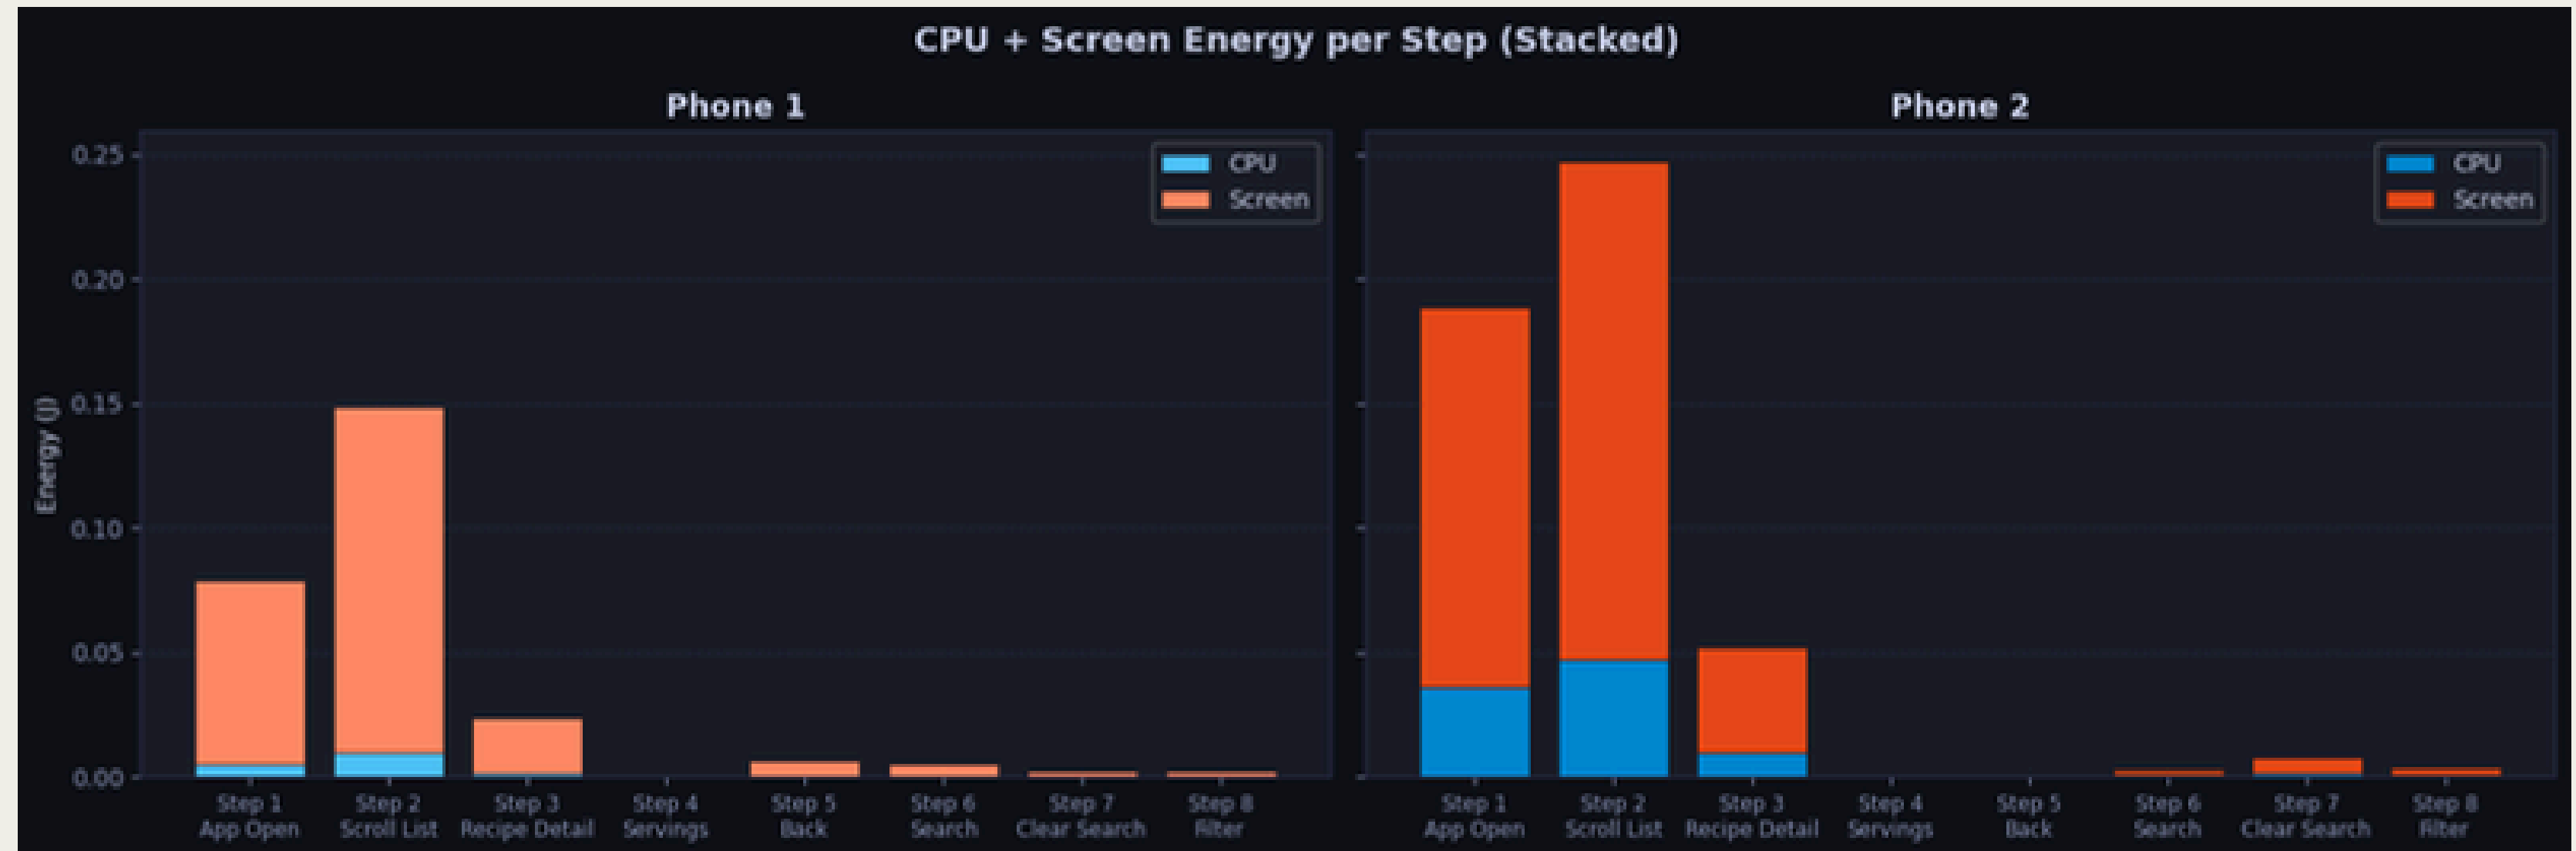

3

The energy consumption of the screen during each interaction step.

DARK MODE

The energy consumption of the CPU and the screen during each interaction step.

DARK MODE

The execution time of each interaction step.
